

VILLA FOR EVENTS

Grand Hotel Portovenere proposes the exclusive use of Villa Argia for Private and Business Events

The mansion dates back to the early 1900s and has been completely restored with great care and elegance. Surrounded by 3000 m² of terraced terrain, Villa Argia overlooks the Bay of Porto Venere and Palmaria Island. The interiors are furnished with period and design furniture.

Apart from the terrace paved with white and grey marble, the villa is surrounded by a garden with century-old plants of carob trees, palms, orchards and olive groves. It offers a magnificent infinity pool.
